2002-2003

School years begin and school years end. They are all marked by numerous similarities. From kindergarten though high school, a student senses a different flavor each year, making it unique in its own way. What makes a school year? What holds our student body together? What characterizes Hopewell High School? If we were to sum it all up we'd have to say **TRADITION**. These traditions provide the ingredients which give the school year its character and will make it our year.

Word from the Editor

With the doors wide open, groups of students strolled into the school and saw that security cameras were added at each end of the school. They also saw new additions to school faculty and staff, and saw the new and old faces of the **Blue Devils**. As each student moved up a grade, upperclassmen welcomed the new “nines” to the high school, and tried to sell elevator and pool passes to them. Lunch is still the same for all... except for the **Class of 2003** who now have tables just for them, (which means no underclassmen may sit there).

Face it things are different from the year before.

Even though the faces are different, the tradition to exceed still continues. Each student rocketed to new heights and met **the SOL** requirements from the year before. But beyond the tests, reports, and book work, **WORD** has it that friendships were created between students during the five minute passing periods and in classes as well. And **By Word of Mouth**, students defined this year their way and set higher goals to achieve.

"From the End Springs New Beginnings"

Today we'll start a new life and we'll say our last good-byes
 To all the friends we've grown to love;
 With whom we've laughed and cried.
 Remembering the fun and laughter, the problems and the fears;
 And watching all our memories grow, throughout our high school years.
 The memories of the dances and the new friends that we'll meet;
 Vacations, teachers, talking, and exams we would rather forget.
 Yes, high school days are precious, but brief; When all your dreams come true.
 It is not the end, but the beginning of a life we'll start anew.

student Life

Year after year, student life activities at Hopewell High are marked by numerous similarities. What is the purpose of such activities? These activities, which have become long-established traditions hold the school together, reliving the monotony of just attending classes day after day.

Tradition n: 1: The handing down of information, beliefs, and customs by word of mouth or by example from one generation to another without written instruction. 2, An inherited pattern of thought or action (as a religious doctrine or practice or a social thought or custom) 3, Cultural continuity in social attitudes and instructions.

Websters New World Dictionary

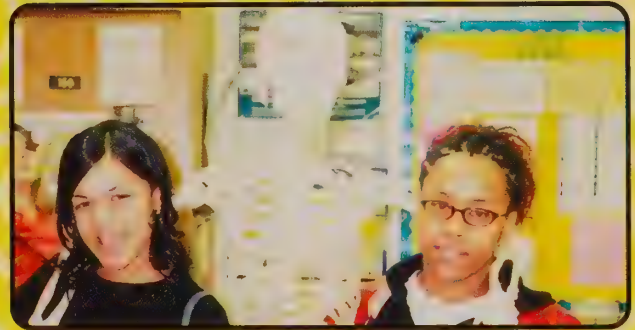

We have traditions that should give students a feeling of pride and of belonging. The pride of accomplishment and constructive participation will enable future students to have their rendition of traditions.

What are our traditions? Included are our Blue Devil mascot, Homecoming Week, Honors Night, the Junior-Senior Prom, Baccalaureate, Commencement, Friday night football games, and Fun Day. Although some of these have taken on a new image during this school year, they will provide the setting for our year.

What is your favorite Student life activity?

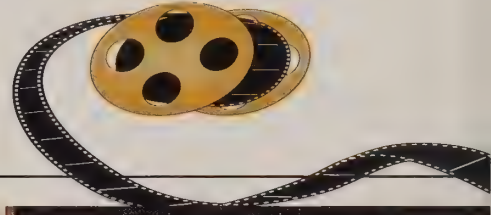

"Art class is my favorite student life activity because I am able to express myself through my work."

-Catherine Huff

Hollywood Prom 2002

Prom 2002 was a night filled with memories as the classes of 2002 and 2003 joined together for fun and excitement. The theme of the prom was Hollywood, which gave students a chance to pretend that they were movie stars, singers, actors, or anyone famous that they wanted to be. The night started off for each student with a traditional before prom dinner at any place of their choice, and then moved on to the dance. The evening ended at After Prom which included fun and games for the students. "Hollywood" was held on Fort Lee Base at the Regimental Club on May 24. During prom, seniors were able to stand out from the crowd during the senior walk, in which the names of every senior and his or her date was announced. The night would have not been the same without the crowning of the Prom King, Queen, Prince and Princess.

Hollywood 2002 was meant to be remembered for many years by the classes of 2002-2003. Much hard work was put into setting up prom and also the After Prom.

Spirit Week 2002

The spirit of HHS,
Is starting to arise,
So get up, make some nosie,
And REVOLUTIONIZE!!!

Previous years we have had school spirit, though sometimes it was slightly dull, never all-too bright. But this year something happened, we all got up and let our true-blue spirit show through!

The change which occurred in our school spirit was not the result of a revolution, but rather that of an evolution. Until this year, we didn't know we had spirit waiting to be evoked!! Our newly-found enthusiasm was the basis for our about-face into a winning year.

1. Members of the HHS yearbook staff proudly sport our school colors. 2. Homecoming King and Queen Amy Barbour and Matt Lowrance. 3. Jennifer Mathews and Catie Horne show their mixed match clothes off to the camera. 4. The Juniors' winning parade float. 5. Hillary Ross and Lauren Cotman show their true blue spirit. 6. Miss Keith gives Amy Barbour, Homecoming Queen, a warm embrace. 7. Tori Volk gives a smile at the Homecoming Breakfast. 8. Our traditional homecoming bonfire. 9. Seniors dressed in Blue and Gold wear the Caution tape from their hall decorations. 10. CJ Harrison, Brandon Daniels and Montino Williams take a break at the Homecoming Breakfast to give a smile to the camera.

A Long Road Reached

Regional Champs

This year the Hopewell Blue Devil Football Team did extremely well. Hopewell went on to become *Regional Champions* even though they were not district champions. This is the furthest Hopewell has gone in twenty years. The fans were very supportive and there was a huge turnout at each game. This year the yearbook has added extra pages to highlight the many accomplishments of the Blue Devil Football Team. Way to go guys!

"I made it through the rain and kept my world protected. I made it though the rain and kept my point of view." These lines are from the chorus of a 1980's Barry Manilow song that tells the story of a man's struggles in the "rain" of life. When this struggle ended, the man realized that it had not been in vain. He had gained experience and respect.

When a student reaches his junior year in high school, he has almost reached the end of his journey "though the rain." As this trip nears its final destination, graduation, important decisions must be made. All students must decide on careers. Testing begins the junior year with PSAT, SAT, ACT, and the Armed Service Aptitude Tests. Eleventh

grade is not too soon to begin choosing a college. For college-bound students, graduation will only be the eye of the storm. Those who weather the junior and senior years will surely gain respect and the satisfaction of having made it though the "rain."

CLASS *of*

2005

Rising freshmen may feel that when they become sophomores they may be lost or forgotten, perhaps lost in the middle. But sophomores, the class of 2005, have learned that they are going through just one more of the steps in high school. They are anything but forgotten. Once a person enters his or her sophomore year, he or she starts to branch out, join more

clubs and organizations and just get more involved. Sophomores are trying to enjoy being teenagers before everything changes. They must prepare to face the hard work of the junior year and then the responsibilities of the senior year. Leaving the freshman year behind, they begin to look toward the future and the promise of graduation.

What is something you have accomplished this year as a sophomore

"This year I have lived up to more responsibility. I have also learned how to be a model citizen."

CLASS *of*

2006

Webster defines a freshman as follows:
1. a beginner, or 2. a student in the ninth grade in high school or one who is in the first year of college.

Although the second definition is the one that is most widely used but the first meaning is true meaning. As the freshmen enter a different atmosphere, they sense the same feeling that they experienced when they started kindergarten and sixth grade- LOST! For once again, the task of meeting new

requirements faces them. These requirements include learning the new rules and regulations, locating the next class, and deciding what classes to take, as tiresome as all these routines may sound, they can actually be fun. However, whether a person has fun going though these changes depends entirely upon the individual. Nevertheless all will agree that it is an interesting beginning that will hopefully lead to a rewarding ending.

In what way is high school different from middle school?

"There is more freedom in high school and high school also has more time between the classes. Also there are more social activities and grade levels are not isolated."

-Diana Amaya

"The high school environment is different from middle school in its social challenges and the feeling of self-rule and maturity."

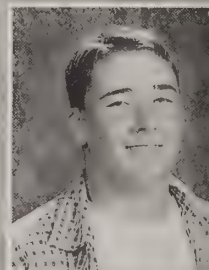

-Pharron Jones

"We don't have to walk in lines and we have freedom in the mornings."

-Judith Charity

"Middle school has strict rules. I also think freshman here feel that we have more freedom here than in middle school."

FACULTY AND STAFF

What's your role model?

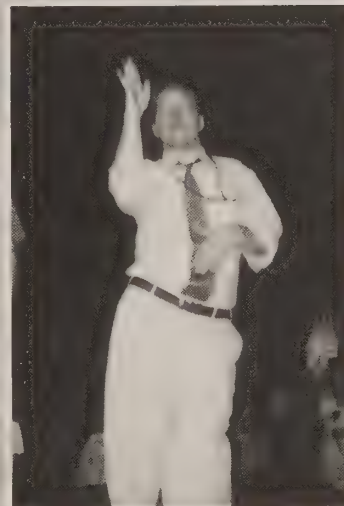

They come in a variety of shapes and sizes... Some are new, some are older: some are quiet, some are not. Some have more duties in the division of labor, and some just tend to their main task. What are these? They are the 100 teachers who staff the 12 departments, the 94 classrooms, the 36 clubs and organizations, and the 16 teams.

Whatever the characteristics possessed, these "models" have influenced students. Students know tastes are different, and therefore the influence of the teachers, who also have different personalities and tastes, is felt in various degrees. It is generally agreed that a student will leave Hopewell High being influenced by

one teacher more than others. A teacher affects eternity; who knows where his influence stops.

So, who is your role model? Look up to this dedicated soul who day after day tries to motivate, to influence, to teach, and to understand. As future years pass, the effect of your model will become more noticeable and appreciated.

Below: (Left)Mr. Denzler and Mr. Branch
(Middle) Mr. Dempsey (Right) Mr. Royster.

Who is your role model?

"I don't really have a role model, but I do look up to Miss Barrios. I look up to her because no matter how much people talk back to her her day keeps going. She as also been there for me since my freshmen year and encouraged me to do things I didn't I could do."

-Quita Taylor

Junior Class President

I look up to Mrs. Hancock. I really respect her organization and how she is always on track. Even though the class is tough, it makes World History more interesting."

-Tori Volk

Freshman Class President

"I would definitely view Mrs. Lynn Smith as being a role model. I've had the esteemed privilege of being apart of her Biology II class this year. She has taught me a lot both inside and outside of the class. Mrs. Smith gives me helpful information regarding life in the future, by describing to me her past experiences in life. Although I plan to major in business in college, I feel that I have the desire to walk in the footsteps of this extraordinary biology teacher."

-CJ Harrison

Senior Class President

"I can't choose one teacher here at HHS because they're all great. If I had to choose just one I would choose Mr. Kaufman. because when he teaches he teaches with so much enthusiasm that I really admire. I really enjoy listening to the way he teaches history."

Girls Varsity Softball 2002

What is the best part the season?

The 2002 Varsity Softball season was a tough one. The team faced many defeats. Despite that, they worked hard. Even though they had many rough times, they did have a few highlights. The two pitchers on the team had two no-hitters. The biggest highlight of the season was a game against Henrico, when Jessica Nelson hit a grand slam.

Karen Crawford takes a minute from watching the game to pose for the camera.

Coach Cashion reports that there were no major injuries during the season. She says that she has enjoyed watching the girls grow and improve, and the key to their success is that many of the girls can play different positions.

Actions speak louder than words

Got a minute..?

When asked what the team thought the season was like, they agreed in saying "We feel it was a good season." When the times got rough, the players what really counts. The strength of the team grew together each time they lost. But they all agreed that Prince George was the toughest rival. When they felt that they had no chance in winning, they still gave it their all. Even when the teammates all knew it was over, the players kept their heads in the game. They definitely show true team spirit.

The life of a soccer player-practice, practice, practice! Do what you love, right Patrick?

Sure they lost a few good players to graduation from the last season, but they also gained new ones to build into stronger players. Team work, perserverance, and ambition is what it takes to be a successful player.

Girls Varsity Soccer:

Tell Me About It...

The Girls Varsity Soccer team worked hard all year. All though they lost more than they won, they held strong and played together as a team. Even when games were lost, effort was still put forth. A loss is just as much of a win because it pushes the ladies to play harder, stronger and most of all, more as a team. Teamwork is the whole key to success and these Lady Blue Devils give it a whole new meaning. The Lady Blue Devils of Varsity Soccer worked hard all year and showed their true blue and gold spirit.

Coach Brian O'Neil has worked hard with the Girl's Varsity Soccer team. Coach O'Neil has been part of Girls Varsity Soccer for quite some time. When asked, the Lady Blue Devils all agree that he does an amazing job with the team.

Each and every single person possesses a certain skills such as, running and kicking hard that makes this year's varsity soccer players like no others in the surrounding areas. Even defeated, they still work hard and play well. The young ladies of Varsity Soccer played well all year. They defeated the Dinwiddie Lady Generals two times in battle, and beat M. Walker once. The ladies of Varsity Soccer lost eleven games and won three. Thomas Dale seemed to be the hardest of all rivalries to beat.

TRACK & FIELD

How did you get involved in this sport?

There were several outstanding efforts made by the 2002 Outdoor Track Team. Through the good times and the bad, the teams were united as one. The Hopewell boys' best meet was against Prince George when the team scored the highest amount of points the whole season. The girls best meet was against Petersburg where they scored the highest amount of points for their season. The Hopewell High School track team practices for two hours Monday through Friday and meets can last from four to five hours. The meets consist of different field events, along with short and long distances.

BOYS TENNIS

From a Coach's Point of View

All six seniors had began playing as ninth graders so expectations were quite high. Honestly, Hopewell had last won a district title outright thirty years ago and had shared a district title twenty years ago, I did not feel we were a championship team. But when we finished the first half of the season undefeated (beating Thomas Dale and Prince George at home), I knew this was going to be a special season. We lost at Thomas Dale but won an exciting

VARSITY FOOTBALL

A Season for Winning

In an exciting end to the Hopewell Varsity football season, the Blue Devils lost to Stafford 32-29 on Sunday, December 9th 2002. The game had to be played on a Sunday due to snowfall from the week before that also let students out of school for two days. Many fans in the community helped to clear the field so that the game could be played on Sunday. During the game many observers left at halftime when the score was 29-7, believing that we had lost at that point. The Blue Devils came back after halftime and came very close to winning.

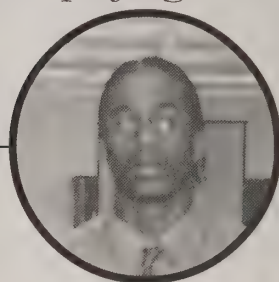

Trainer Miss Owens watches the game with the rest of the Blue Devil team with great excitement.

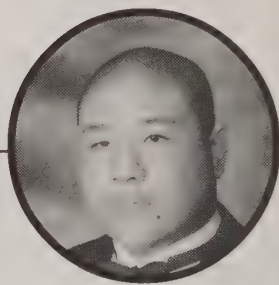

This Blue Devil team has much to be proud of in their season taking the Devils to the state semifinals.

VARSITY FIELD HOCKEY

Field hockey is a tough sport for anyone to play. There is always a chance of getting hit with a stick, popped by a ball, or rammed by another player. Field hockey players have been hurt by rough playing. Damages have been done, and yet these determined female Blue Devils show up at practice and at games just to play! These young women put their bodies out on the field and are easy targets for rivals to attack. Players have been hit, smacked, punched, jabbed and millions of other brutal things. These gals would all agree that Thomas Dale was the hardest rival of all to beat, losing seven to zero. These lady Blue Devils lost eleven games out of the fifteen played and still kept up their team spirit all the way to the end of the season. Yet, they continue to play. Girls Tennis

By Word of the Court

The girls tennis team completed the 2002-2003 season with a five to seven Central District record and nine to seven overall. The Lady Devils entered the season with very little experience, but their hard work resulted in great improvement as the season progressed. Juniors LeaAnne Langford and Courtney Wilson were co-captains and leaders of the team. Sophomores Nicole Happney and Megan Spain played major roles in the team's successes as did freshmen Jordan Jarrett, Heather Coleman, Michelle Antol, Kiersten Fescemyer, Stephanie Lopez, and Chelsea Miller. Langford, Wilson, Happney, and Jarrett represented HHS in the Central District Tournament. With everyone returning next season along with several JV players, the future is looking bright for the girls tennis program.

THE GOLF TEAM

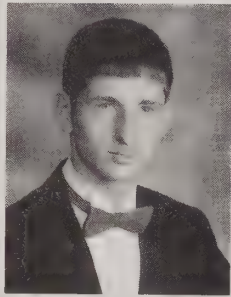

No Words Just Thoughts....

How did you get involved in this sport?

This year the Golf Team had only two seniors. First we have Travis Merritt. This was Travis Merritt's first year playing golf and he always had a good time. Matt Parker has played Golf for most of his life but finally had a chance to play for the team this year. Also playing for the Golf team were Aubry Sculthorpe, Aaron Reidmiller, Chad Pleasant, Jonathan Hock and Tad Henry. All five of these underclassmen were successes for the team just as much as the seniors. We all started out rusty against Meadowbrook but found our strength when we played our next matches. Coach Witherow always found a way to make us have fun at practice and at matches. We all had a good time and I'm sure Travis and Matt will be missed.

-Matt Parker

What do you enjoy most about the golf matches?

"I enjoy the sport for the fact that I can have fun and learn new things about another sport."

-Matthew Parker

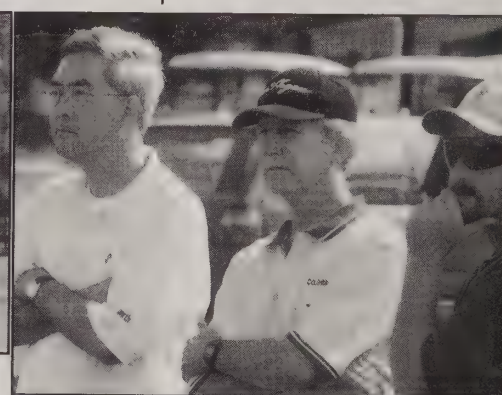

"I got involved when one of my friends told me about it, and I decided to try it"

-Tad Henry

"I got involved in this sport when a couple of people that I play soccer with told me I should play."

-Travis Merritt

The only senior on the team is Mathew Lowrance. He ran a very good season and is going to be missed next season. Captain Craig Pershing, John Warren, Catherine Courtney, Becky Wolf, Ian Bokelaar, Jimmy Belcher and Chris Gotay are also on the team. "Cross Country is hard and takes a lot of practice to get good" says John Warren. "One good thing is you run all around Hopewell and you'll learn streets and many new places; its exciting and very entertaining." Captain Craig Pershing has been on the Cross Country team for two years and this year he became captain. "I think the team finished the season exceptionally well, despite the

Girls Varsity Basketball

From a win/loss perspective, Coach Broner feels this season was by far the most disappointing because he feels and knows that the team had the athletes that could have gotten the job done. True, there may have been some individual highlights, but those who follow sports know that there are very few team sports in which one individual solely determines the outcome of the contest. Coach Broner sees; however, a small group of young athletes who he feels want to learn the game, play the game and win. It is his hope that next year will be a all around better season for Hopewell Lady Blue Devils Varsity Basketball.

Coach Broner provided some information about the season. Take a look at his views on the the Girls Varsity Basketball team.

A note from the coach:

The 2002-2003 J.V. basketball team was composed of 16 players and 5 managers/statisticians. This was a fun team! We enjoyed working hard and playing hard. Although the record may not reflect improvement, this team showed improvement consistently throughout the season by increasing its defensive and rebounding effort as well as its scoring accuracy. The most memorable game was the February 3rd game versus Lee-Davis. Hopewell trailed by two points after the 1st half but dominated the second half by outscoring Lee-Davis 24 to 14. The Lady Blue Devils won the game by 8 points.

“Let The Pictures Do The Talkin...”

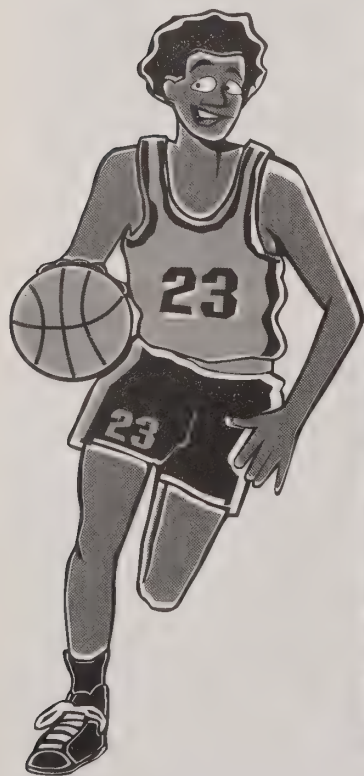

Boys Varsity Basketball

Basketball. What is the true definition of basketball? Instead of defining it, lets take a deep look into what it takes to play. Any athlete will say that in order to do well in a sport, drive and stamina are needed. Hard work, practice and many after school hours are what it takes to play in sports. Sports are played by many high school students. To play basketball, players must be able to shoot, dribble, pass and not to hog the ball. Try-outs are vigorous events to get through. Once try-outs are over with, the next step is conditioning as a team. From there, it's win or lose.

~FUN DAY~

Word Around H.H.S. is that Students are Taking a Few Periods Off for Some Old Fashioned Fun . . .

John Branch:
"What I enjoyed most at Fun Day would definitely have to be taking pictures of all of Hopewell High's ladies."

Erin Jimison:
"I enjoyed participating in all of Fun Days events but I liked that I got a chance to hang out with all my friends from school the most."

The students at H.H.S. have worked hard all year long and now its time for some fun, **IT'S FUN DAY!!!** We asked some of our classmates " What did you enjoy doing most at Fun Day?"

Warren Hedgepeth:
"I enjoyed that we got out of a few periods and we got free hotdogs. I just wish it was all day long."

Pedro Santos:
"What I enjoyed most about Fun Day 2002 was playing basketball with all my friends."

GO SWIFTY GO! At left: Shawn a.k.a. Swifty Cameron shows his fellow Hopewell students how swift he truly is by participating in Fun Day's bike race.

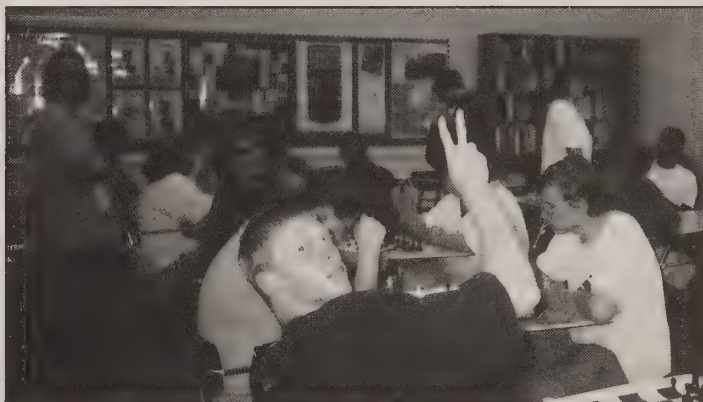

TAKE COSMETOLOGY: Crystal Massey strikes a pose while she shows her support for students in Cosmetology.

CHILLIN' OUT: Brittney Cintron, Melissa McClaskie, and Jennifer Walter chill out in the cafeteria while they listen to classmates sing karaoke.

CHESS TIME: Below, many students found chess in Mr. Hayes's room as their place to spend their fun day.

Hopewell High School Students Just **CLOWNNIN' AROUND**

MUSIC TO MY EARS: Left: Jamar Edmunds spends his day as time to listen to his favorite tunes.

READY...SET...GO! Right: Nashira Jackson-Jeffers represents the Junior class as she speeds off in the lead.

Left: SCA members Courtney Wilson, Catie Horne, Ashley Hock, Becky Miller and Brittany Horak take a moment to smile for the camera while they have fun and eat popcorn served free by Mr. Gay.

JROTC Command Group

Front Row: Aaron Helber, Karen Crawford, Cassie Hass

JROTC Drill Team

"I enjoy being a part of the S.C.A. because as a club we try to make a difference and get involved in not only the school but also the community as well."
Caryn Clark

"I like being in the B.E.T.A. Club because it allows me to get involved in the community and make a difference."
David Hearington

What do you enjoy most about being a part of a club?

"I Like being a member of the F.C.A. because I get to fellowship with the members of my team and other teams. We become closer and have the opportunity to learn more about the Bible once a month."
Kyrie Dibling-Moore

"I enjoy being a member of the B.E.T.A. Club because it provides me the opportunity to give back to my school and my community through projects and fundraisers."

I Think I Can
I KNOW I Can

LOOK WHO'S TALKING

"After three years of yearbook work, I feel this year has been the most challenging for me."

Jamie Coker, Editor

"Well, yearbook has definitely taken more work than I expected, but it will all be worth it when we get to see the final copy. It's great to know that I'm helping represent the student body."

Catie Horne

"Coming into yearbook staff I was rather naive about the work. I have learned there is more to a yearbook than plugging in pictures and identifying people. There is picture taking, layout designing, ad-selling and so very much more. However, I wouldn't trade my experience in for the world!"

Rosemary Wasckehalk

"I've always enjoyed working for something, and we, as a staff, have surely worked hard for our yearbook. It's been a good learning experience and I'm glad to have been part of it. We've had our share of problems, but we pulled through and worked together through all of it."

Amber Davis

"Through all the hard times that the yearbook staff and I have been through, we've all been together and helped out each other through it all."

Megan Young

"As a member of the yearbook staff I've had ups and downs, but when you have a fun staff there are more ups than downs."

Lea Anne Langford

"At first I thought yearbook would be fun and easy. I learned that it's hard work and determination. It has remained fun throughout the year, and I have made great friends."

April King

YEARBOOK

The Final Word

“Being on the yearbook staff was a good experience for me. It allowed me to broaden my picture-taking skills and bond with a group of great girls.”

Tiffany Pruett

“When I first got into yearbook, it wasn’t what I expected,” said Megan Young, as she labored over the Senior Index, fighting with a glitching hard drive, “but with the help of all my friends, its become an experience that I won’t forget.” It is true that writing, organizing, and making an entire yearbook is a challenge, Hopewell’s best girls pulled it off and made a book to be proud of!
